Deutsche Messe

CeMAT

With the tagline “**Smart Supply Chain Solutions**”, CeMAT 2016 will present solutions and ideas for bringing intralogistics into the age of Industrie 4.0. At CeMAT you can discover innovations, products and trends such as the cloud, apps and Big Data, all designed to put the “smart” into “Smart Supply Chain”. The display category **Logistics IT** puts a special focus on displays of efficient logistics software and integrated systems for automation processes.

Find out for yourself what opportunities **Smart Logistics** offers for your business – at CeMAT 2016!

Why you should be there

1

See Smart Logistics in action – the future, here today at CeMAT

2

Get a complete overview of all the latest technology trends and solutions in supply chain management

3

Talk to industry experts – and get the right solutions for your special requirements

4

Build relationships with potential suppliers, service providers and joint-venture partners

5

Meet suppliers, compare prices and negotiate deals – all under one roof

6

Get involved in a unique supporting program, with training sessions and seminars
